TO WHOM IT MAY CONCERN

It is a pleasure for me to write this letter of reference on behalf of Sunshine Building Maintenance Inc. I have worked very closely with this company for almost twenty years. During this time I have found the management staff eager to please, receptive to suggestions or concerns, and most professional in performing their duties.

I would also like to point out how impressed I have been with the honesty and integrity of their cleaning staff. Often items of value are left on my desk with a note indicating they had been found while cleaning. This act in itself speaks volumes. They are always courteous and respectful to our staff and students as well as guests to our school.

I have worked in education for over thirty years and am well aware of the many challenges facing a school cleaning company. I know how difficult it is perform the many tasks that need to be done with so many events taking place at the same time. Sunshine has excelled in this capacity. They have had to work around the use of the school during the day; the community every evening and weekend; as well as summer school each year. I have every confidence the job will get done, and done well.

We all make judgments based on first impressions. Sunshine ensures one of Lester B. Pearson High School's first impressions is cleanliness. I value that standard. I highly recommend this company to you.

Sincerely,

Virginia Bodajla
Manager School Administrative
Operations
